Inspire – Learn – Succeed

Dear parents and carers

As you may be aware, since June 2020 there has been a new check in place across the country for year 4 pupils: the Multiplication Tables Check (MTC).

This check assesses pupils' speed and knowledge of their times tables, up to 12 x 12, and your child will be taking part in this check in June 2023. To ensure that all parents and carers have a full understanding of what this check entails, we will be delivering a parent information meeting on Tuesday 31st January 2023, at 3.30pm in the west hall.

We will be taking the opportunity to explain how the check works and what we are doing in school to support your child in readying themselves for the process, as well as how you can help your child at home with their times tables knowledge. There will also be the chance to raise any questions you may have.

In the meantime, if you have any queries about the check, please do not hesitate to get in touch with your child's class teacher.

Thank you for your continued support.

Mr J Letts and Mr G Chadaway
